

Y2 – Autumn – Block 1 – Step 8 – Write numbers to 100 in expanded form Answers

Question	Answer
1	a) $52 = 5 \text{ tens} + 2 \text{ ones}$ $52 = 50 + 2$ b) $84 = 8 \text{ tens} + 4 \text{ ones}$ $84 = 80 + 4$ c) $4 \text{ tens} + 6 \text{ ones} = 46$ $40 + 6 = 46$
2	a) $35 = 30 + 5$ b) $27 = 20 + 7$
3	$41 = 40 + 1$ $41 = 20 + 21$ $41 = 30 + 11$ $41 = 10 + 31$ The tens in the two numbers always add up to 4 and the ones add up to 1
4	Yes The number of ones is given before the number of tens, but this does not affect the order of the numerals in the number.
5	a) Max 62 Mo 62 Kim 62 Sam 26 b) Sam's All the other numbers are 62
