

Year Six

Shakespeare Week 2021

What have Year Six been up to
during Shakespeare Week?

We have been studying Much Ado About Nothing.

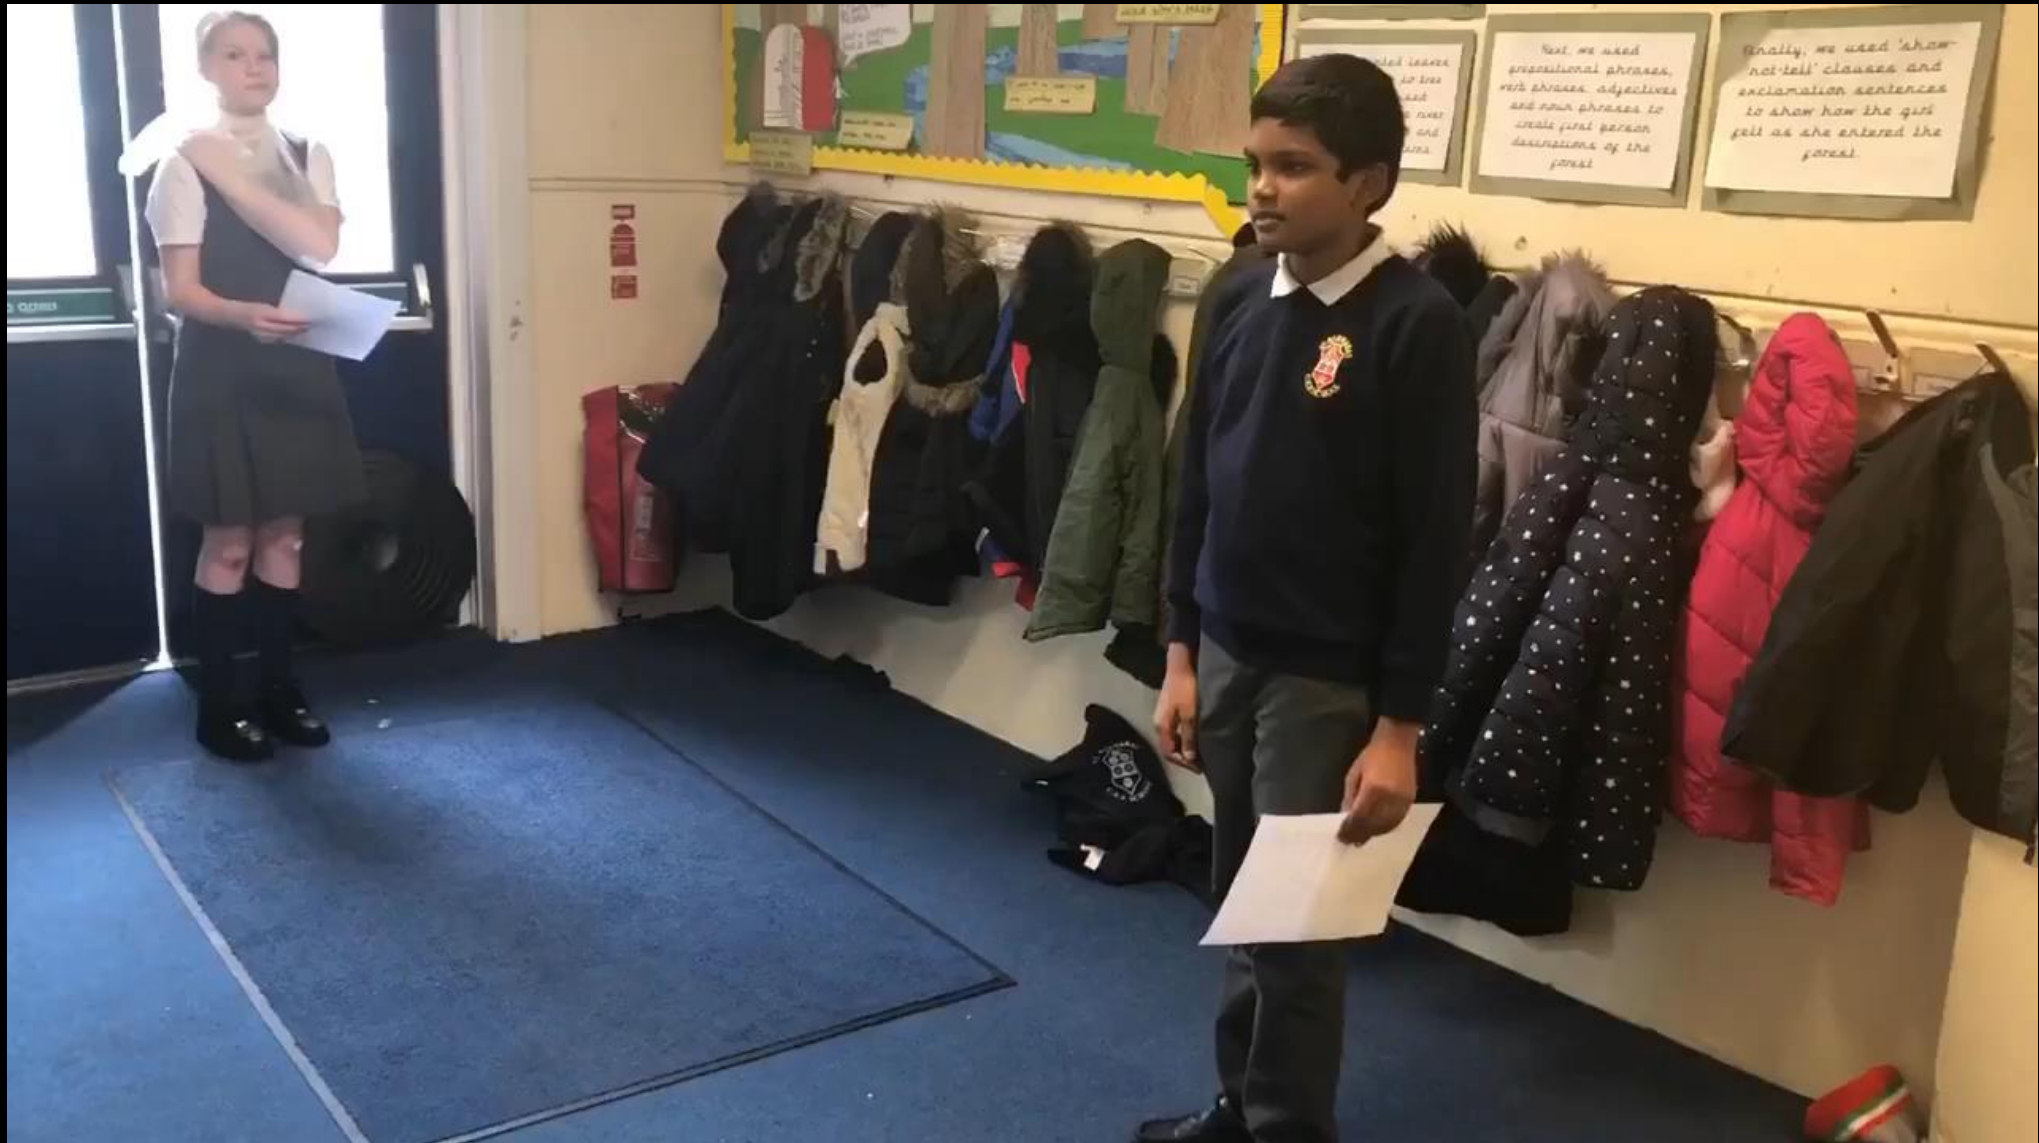

This is one of Shakespeare's comedies.

It follows the story of Hero and Claudio – a couple who fall in love – and Beatrice and Benedick – a couple who can't stand each other.

Beatrice and Benedick are always arguing. Here is a scene when they meet in the play for the first time.

We then imagined what the argument would sound like in modern language.

Finally, we came up with some Shakespearian insults to try on each other.

A big part of the play is when Beatrice and Benedick are tricked into thinking each is in love with the other.

In this scene, the men are fooling Benedick that Beatrice is in love with him.

And in this, they are fooling Beatrice that Benedick is in love with her.

We hope you enjoyed watching
our version of Much Ado About
Nothing.

Thanks for watching!
