What to do...

It's ALWAYS my turn!

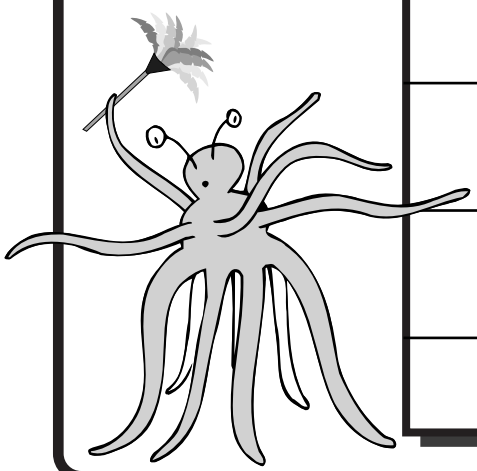
This activity is based on your child's real experiences so it will motivate them to write! Filling in and reading from tables is an important way to learn to organise information. They might need help to remember where to put each piece of information.

©Hamilton Trust, 2008. Y3.

1. What jobs at home do you hate doing most? (Tidying up? Washing dishes? Cleaning your room?)

2. What jobs do you quite like? (Feeding the fish? Setting the video?)

3. Use the table below to write your worst and best jobs.

4. Ask everyone else in your family or other people you know what their least and most favourite jobs are and write these in the table too.


Person	Favourite Job	Worst Job
Me	Helping to cook tea	Picking my clothes up
