

Platinum Jubilee

Home Learning Challenges

With your family and friends, talk about Jubilee celebrations that you see on television or that you go to with a grown-up.

Can you create a special snack to have at a Jubilee party? What would you like to make? You could make a recipe with a grown-up and then draw a picture to tell us about what you made and how it tasted.

The Platinum Jubilee celebrates that The Queen has been on the throne for 70 years. Can you find out some other facts about The Queen? You could ask grown-ups to help you to find information using books, newspapers or the Internet.

As you watch or take part in Jubilee celebrations, see if you can spot...

☐

a picture of The Queen

☐

something blue

☐

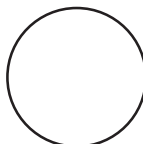

something red

☐

Union Jacks

☐

something white

☐

bunting
