

How to make Mr M Happy!

Do you want to see a big smile on Mr M's face? Would you like to see love hearts appear in his eyes? If this is what you want then follow these instructions very carefully.

You Will Need:

- All your learning resources
- Lots of great presents
- A cute kitten

First, complete all you learning activities and make sure you have got all the answers correct.

Next, tell him that you think his jokes are really funny so he feels good about himself.

After that, bring in lots of presents but remember not to get him any more mugs.

Then, bring a kitten into school because he loves to stroke animals.

Finally, keep the classroom very tidy or put all the coats back on the pegs in the cloak rooms.

If you have followed my instructions carefully then Mr M will now be sat happily at his desk with a smile on his face.
