Here is the description that we created to describe
Lady Audrey.

Long ago, in a land of monsters and mystery there lived a Knight named Lady Audrey. She was a brave and fearless Knight. She was the sort of knight who helped people and saved kings. She was the sort of knight who charged into battle and killed her enemies. She was as fierce as a tiger and as clever as a fox. In her hand, she held a razor-sharp sword which she used to kill dragons. On her head, there was a shiny helmet which protected her from harm. Below her, was a strong, brown horse which she used to charge into battle. What an incredible Knight she was! However, Lady Audrey had a problem. On top of a bubbling volcano, there lived...a dragon!

For you home learning this week, we would like for you to use this model as well as the attached help sheet to create a description of the Dragon:
